In giving you advice about the costs and terms of recommended policies we have not compared those policies to other policies available, other than from those insurers we deal with regularly.

How will I pay for the services provided?

For each insurance product the insurer will charge a premium that includes any relevant taxes, charges and levies. We often receive a payment based on a percentage of this premium (excluding relevant taxes, charges, and levies) called commission, which is paid to us by the insurers. However, in some cases we will also charge you a fee. These will all be shown on the invoice that we send you. You can choose to pay by any of the payment methods set out in the invoice. You are required to pay us within the time set out on the invoice.

If there is a refund or reduction of your premium as a result of a cancellation or alteration to a policy or based on a term of your policy (such as a premium adjustment provision), we will retain any fee we have charged you. We will also retain commission depending on our arrangements with the insurer or charge you a cancellation fee equal to the reduction in our commission.

When you pay us your premium it will be banked into our trust account. We retain the commission from the premium you pay us and remit the balance to the insurer in accordance with our arrangements with the

How are any commissions, fees or other benefits calculated for providing the financial services?

Our commission will be calculated based on the following formula:

$$X = Y\% \times P$$

In this formula:

X = our commission

Y% = the percentage commission paid to us by the insurer. Our commission varies between **0% and 40%**.

P = the amount you pay for any insurance policy (less any government fees or charges included in that amount).

Any fees that we charge you will vary from **0% to 100%** depending on the complexity of your insurance needs and the size of your account with us. The brokerage fee will be detailed on your invoice.

We do not often pay any commissions, fees or benefits to others who refer you to us or refer us to an insurer. If we do, we will pay commissions to those people out of our commission or fees (not in addition to those amounts), in the range of **0% to 30%** of our commission or fees.

Our employees that will assist you with your insurance needs will be paid a market salary.

We may pay our employees on top of their regular salary additional benefits from our combined income of commission and fees:

Commissions: 0 – 100%

Bonuses: 0 – 100%

If we give you personal advice, we will inform you of any fees, commission, or other payments we, our associates or anyone referring you to us (or us to any insurer) will receive in relation to the policies that are the subject of the advice. See below for information on the Steadfast association and commission.

We will earn interest on the premium while it is in our trust account, or we may invest the premium and earn a return. We will retain any interest or return on investment earned on the premium.

Our commission rates for premium funding are in the range of **0% to 5%** of funded premium. When we arrange premium funding for you, you can ask us what commission rates we are paid for that funding arrangement compared to the other arrangements that were available to you.
